THINGS TO REMEMBER

MAKE NOTES ALONG THE WAY!

CHANGEOVER | THURSTON ROAD BUS STATION

Changeovers will take place at Thurston Road bus stand.

Always communicate in advance with iBus if you are late for any reason.

Route P4 is a high frequency route. Headway is a measurement of the distance or time between buses. You can tell that you are on the correct Headway by using the iBus Headway indicator in the cab.

IMPORTANT: You must keep your bus as close to the middle of the indicator as possible. Take action and drop back if you are closing in to the bus in front.

- **Lewisham Bus Stand:** TfL facilities.

• CODE RED | EMERGENCY RADIO PROCEDURE

If you require the emergency services to attend your vehicle (for example in the event of passenger injury, assault or major RTA), you should contact CentreComm using the radio's Code Red facility. To call CentreComm, **hold down the Code Red button on your vehicle's radio for at least 3 seconds** until you hear a ringing tone to indicate that your call has been connected. Hold down the foot switch in the cab when you are speaking, and end what you have to say with the word "over" to indicate that you expect a response, or "over and out" if this is the end of your communication. Release the foot switch when you are not speaking. Remember to speak slowly and clearly. Note that you will usually receive a radio call from your depot shortly after you make a Code Red call. ***You should not use the radio whilst the vehicle is in motion.***

CODE
GREEN

Call your garage for non-emergency, mechanical defects, help or advice

CODE
BLUE

Call CentreComm for non-emergency, incident reporting or diversions

CODE
RED

Call CentreComm for emergency services, passenger injury or assault
